Elementary and Secondary Education Act (ESEA)	We have lost instructional time due to the pandemic and our children are not prepared for this academic year. Our school will focus on reviewing last years standards to get the children up to speed so that they can be on grade level, that is our target- by the end of the year. To help us get there we need to purchase instructional material. We are a school that is growing and we are adding a grade level yearly. We will need to purchase Heggerty Spanish and English Material (https://heggerty.org/) and Soluciones for the incoming grades and English material for the lower grades (https://www.benchmarkeducation.com/benchmarkeducation/all-series/soluciones.html). There are emotional needs that need to be addressed and these are at the forefront of all the lessons this year. Spanish material will need to be purchased so that we can target our Spanish speakers and our non Spanish speakers so that they can all learn those terms.	25,000.00	We have lost instructional time due to the pandemic and our children ar	7,000.00

Response Efforts - COVID 19

Allowable Activities for Remaining Funds. Consistent with PED’s priority to close the digital divide, LEAs must explain how they are using ARP ESSER funds to ensure access to digital devices and other technology for at-risk students and teachers who need them, as well as Internet technology support services. Digital devices must be capable of meeting at-risk students’ remote learning needs and teachers’ remote teaching needs. Digital devices must allow for the reliable download and upload of assignments, streaming of instructional videos, and participation in individual and group video conferencing. In the category below “purchasing instructional technology,” please include in the narrative an explanation of how the LEA is meeting this priority and a dollar amount that will be used for these purposes.
